

Pressrelease

Dortmund, 5th August 2011

triomis with first certified solution for Microsoft Dynamics CRM on marketplace

triomis GmbH announced today that its vat calculator for Dynamics CRM 2011, which , is now Certified for Microsoft Dynamics, which signifies that the solution has met Microsoft Corp.'s highest standard for partner-developed software. By successfully meeting all certification requirements, triomis vat calculator for Dynamics CRM 2011 can now carry the distinct Certified for Microsoft Dynamics logo.

Solutions that are Certified for Microsoft Dynamics have demonstrated development quality and compatibility with the Microsoft Dynamics product on which they run by passing rigorous software testing for Microsoft Dynamics performed by VeriTest (a service of Lionbridge). In addition, the Microsoft Dynamics partner must have customers who are successfully using the certified solution and are willing to recommend it and be a Gold Certified Partner in the Microsoft Partner Program.

For customers, Certified for Microsoft Dynamics helps identify Microsoft Dynamics solutions that have been tested for compatibility, meet high quality standards, and are successfully used by existing customers. This certification represents a significant step in elevating the standard for partner-developed software solutions for industry-specific business applications. By highlighting these solutions, Microsoft also creates new opportunities for partners to expand their reseller channel and to better promote their

"In an ever-changing economic environment, organizations need to be equipped with the best CRM solution to help them succeed," said Brad Wilson, general manager, Microsoft Dynamics CRM. "By passing this rigorous testing and attaining all of the necessary milestones for the CFMD logo, triomis is prepared to offer our customers a CRM solution to help them compete in their market. Microsoft congratulates triomis on achieving the Certified for Microsoft Dynamics status for triomis vat calculator by

demonstrating its success and commitment in delivering a leading Microsoft Dynamics solution."

Triomis vat calculator closing a gap in Dynamics CRM and helps customers to add automated tax calculation to their CRM in a very easy way and can be individually adapted to the applicable tax laws in different countries.

"The new and enhanced features in Microsoft Dynamics CRM 2011 offer new levels of user productivity and collaboration. These features help us to meet customer specific business needs with a low total cost of ownership. To build solutions in Microsoft Dynamics CRM 2011 are a new way to save customizations and share them with other users. This allows us to build sandbox solutions and deliver value to the great Dynamics CRM User community over a central marketplace" said Stephan Thurek, CEO triomis GmbH.
