

## Pressrelease FOR IMMEDIATE RELEASE

**Dortmund, September 9th 2016**

Premier League in your pocket —  
powered by Windows Azure!

**Now available on iOS devices, the predictor adventure, a mobile sports game for Windows Azure based gaming platform live, has been passed iTunes certification.**

Premier League Championship - one of the most exciting and loved football competition has started new season with a huge amount of star coaches. Can Pep Guardiola lead Manchester City to championship or can José Mourinho snatch the cup for Manu? Will Leicester defend the title or will Jürgen Klopp reawaken Liverpool's past glories?

The only thing as exciting as watching the Premier League Championship is playing along with it and predicting the results with friends and proving you know the most about the competition, teams and players - Premier League Predictor is the app that lets you do just that!

Fans in 242 countries around the world can enjoy with this app the championship first hand and could be part of this big sport event because just in time the iOS version passed the iTunes certification. Download now for free from the Apple iTunes Premier League Predictor from triomis - is available for iPad, iPhone or iPod Touch and any device running iOS 6 or later. Players can not only predict the results of matches but also get the latest goal alerts, news about the tournament and teams, download football wallpapers, ringtones and compare their scores with players from their country or all over the world!

The app is also available for [Android smartphones](#) and tablets, [Windows smartphones](#) and devices running [Windows 10](#). Users can play against friends and other users no matter what device they are using.

Stephan Thurek, CEO of triomis said: "We are happy that app passed certification for Apple devices! The tlive game platform provides now prediction games and live scores for the major football leagues. Just following Microsoft's credo 'Cloud first—Mobile first'. Every time, everywhere on any device."

For whom it concerns. Apps are also available for [Champions League](#), [Euro League](#), [Bundesliga](#), [Serie A](#), [La Liga](#) und [Liga MX](#). Fast download the apps and set your predictions.
